**Foxcroft Academy One Act Team
Northern Maine Champions**

Congratulations to the Foxcroft Academy Northern Maine Class B Champions who recently presented their student written piece, “A Mistake”, at the Class B State Championship One Act Play Festival in Ellsworth. The team returned with recognition for “Outstanding Concept” and individual recognitions for Gavyn Moreshead and Ben Johnston for their roles as the Narrator and Stagehand 2, respectively.

Congratulations to Samantha Beauchesne

Samantha is a senior who attends the Criminal Justice Program at TCTC. Her team in the field of Forensics won at the State level in the annual Skills USA competition. She will be traveling to the National competition in late June in Louisville, Kentucky

Bill Green Will Speak at Graduation

Bill Green, who is Executive Producer and Host of the top-rated magazine program “Bill Green’s Maine”, now in its 18th season, will be the 196th Foxcroft Academy Commencement Speaker for the Class of 2019. He has won two Regional Emmys and an Edward R. Murrow Award for his feature reporting. The Class of 2019 also had students choose the color of their gown to wear during the ceremony and fifteen seniors have decided to change the color of their gown. The graduates will no longer line up by gown color as they will be in alphabetical order. This is a major step to better align with Foxcroft Academy’s guiding principle,

“honors human difference as fundamental to life.” Graduation will be on Sunday, June 9th, at 1:30 p.m.

Maple Sunday Breakfast

On Sunday, March 24th, Foxcroft Academy hosted the 2019 Shiretown Homecoming Committee’s Maple Sunday Breakfast. Over 1,000 people were served at this annual rite of Spring. It is an honor for Foxcroft Academy to be part of this annual event.

Maine Educational Assessment

On Wednesday, April 3rd, the Junior class will take the State of Maine required science assessments. On Tuesday, April 9th, the Juniors will take the SAT, with make-ups scheduled for May.
